

A Light Unto Their Path

**A History of the North Carolina State Council of Epsilon
Sigma Alpha Scholarship Program**

LIGHT UNTO THEIR PATH

History Prior to 1992

Throughout the centuries, since the beginning of recorded time, a portion of our people has been denied the opportunity of learning. Theirs has been an existence in the permanent twilight state of life, living out their life at an underdeveloped emotional and mental level. In most instances, they were pushed back into darkness and never given an opportunity to SEE THE LIGHT.

With the advance of the Twentieth Century however, the world has become more fully aware of this portion of our population and their potential. An enlightened public has become more interested in the well-being of the mentally retarded and handicapped children and adults, and is seeking avenues to help them find a more useful and beneficial way of life. At last, the first of many lamps has been lighted to show these children a way to a better, richer and fuller life

The North Carolina State Council of Epsilon Sigma Alpha International lit their torch on April 21, 1956 and this glow illuminated the paths for other organizations to follow. When the State Council voted to establish a Scholarship Fund for teachers of retarded and/or handicapped children, it was the first statewide organization to do so. This was to be known as the North Carolina State Council of Epsilon Sigma Alpha Scholarship Fund.

The idea for the Scholarship Fund was first suggested by a Special Education teacher, Dorothy Wilson, a charter member of Beta Alpha Chapter of ESA in Leaksville, North Carolina. Being in this field of teaching, Dorothy was fully aware of the tremendous need for qualified teachers to work with children in this category. She held high her light and in an eloquent manner, helped the Council to see how it could light the paths of learning for the mentally retarded and/or handicapped children in North Carolina.

Wilhelmina Herbin, past Scholarship Board Chair presented the State Council with a traveling trophy to be awarded each year to the Chapter that did the most outstanding work for the Scholarship Fund and that devoted the greatest time and service in helping and working with these exceptional children. The award becomes the permanent property the Chapter winning it three (3) consecutive years.

The Scholarship Fund is supported entirely by contributions from the Chapters within North Carolina. Any administrative expenses for the Scholarship Board are paid out of the interest earned. By the 1973 State Convention, the Scholarship Fund reached \$10,000.00. A savings certificate was established so that the interest from the certificate would be added to the contributions, making more money available for scholarships. Realizing this, the State Council voted to offer scholarship help to undergraduates majoring in special education and who plan to work in North Carolina after graduation.

The Scholarship Board membership shall consist of a minimum of ten (10) members as voted by the North Carolina State Council in 1978. This Board meets prior to all North Carolina State Council meetings and conducts its own business meetings. The Board has endeavored to set guidelines for the future Board members to follow by maintaining better lines of communication between the Board, the State Council and the Chapters, and to enlighten the entire ESA membership about the activities of the Board and the details concerning the finances of the Scholarship Board.

The Board's members include a Chairman, Vice-Chairman, Secretary, Treasurer and at least six (6) alternate members. The term of each elected Board member is three years. Vacancies occur from year to year as a member's term expires. Each member is elected by the entire membership of ESA in North Carolina and her goal should be to eagerly await the challenges of her term in office.

The interest and enthusiasm shown by the ESA membership had encouraged the Board. Every chapter in North Carolina at one time or another has contributed to the Scholarship Fund, demonstrating the concern for the future of these exceptional persons.

There are an estimated 140,000 mentally retarded children and adults in North Carolina alone. Nine out of ten of these children can be educated in the basic skills of reading, writing, etc. through training in the Special Education classes of our schools. Adult can be gainfully employed in unskilled and semi-skilled work. But, in order to receive this training, there must be qualified teachers, trained in this very special field of endeavor. This is the goal of the Scholarship Board.

Therefore, in 1969-1970, the Board established the "I Am A Scholar" program. This award is presented to those members throughout the State who personally contribute ten dollars to the Scholarship Fund for the purpose of helping the Board strive to fulfill its many goals. The Board hopes that this will encourage each member of ESA in our state to contribute to this Fund. The first recipient of the "I Am A Scholar" award was Dell Johnson, one of the Past State Presidents. Many others have contributed. The Board sincerely hopes that there will be many more "scholars" in the future. We appreciate the support our North Carolina ESA Sisters.

A Light Unto Their Path is our goal. We can remove the stumbling blocks along the highway of life so that those minds that have in centuries past been encased in darkness, can be freed to seek the light of knowledge. It is true that exceptional persons cannot always achieve greatness in intellect, but helping them to become useful citizens of our world with a place in the brightness of life, is the first step.

Won't you continue to HOLD YOUR LIGHT HIGH that those wonderful exceptional persons can see THE GLOW OF YOUR LOVE AND CONCERN for them?

ADDENDUM

At the request of Chairman, Dell Johnson, I have searched the Scholarship Board minutes that were available and found interesting facts and figures for the history of our Fund. This addendum was authored in 1991-1992.

When the Fund was first started, it was managed by the Executive Board of the North Carolina Council of ESA. A Chairman was appointed by the State President and a member of the State Council Board. The monetary donations received were disbursed as scholarships. A minimum scholarship amount was established and expenses were funded out of the State Council treasury. Scholarship recipients were selected during the Executive Board meeting of the Annual Convention held on Saturday morning. The scholarships were announced during the Saturday evening affair. In 1965, this was changed. It was felt that this part of the Council should be an entity to itself. A goal \$410,000.00 was set as the Scholarship Fund investment. However, the money received into the Fund supported little more than the minimum for scholarship awards therefore only a small amount was being invested at that time.

Wilhelmina Herbin was the first Chairman in 1965 under the new organization. I could not find anything on the Chairmen prior to this date. To encourage more donations and interest, Wilhelmina instituted a silver bowl traveling trophy to be given to the chapter showing the most interest and energy towards the Fund. The Eden Chapter, Beta Alpha was the first winner. Guidelines for future judging were established in November 1965.

The Beta Alpha chapter was awarded the traveling trophy for the following two years and retained the bowl as established by the guidelines. The guidelines stated that any chapter awarded the trophy for three consecutive would keep the silver bowl and another would be purchased from the scholarship funds.

By virtue of being chairman, Wilhelmina accepted contributions and issued checks. The first bank account was set up at First Union Bank in Greensboro. A general ledger was started and records kept for the first time. The fund was beginning to grow.

A bit of humor here...Wilhelmina set up the books as a bank would. That is, deposits were credits and checks written were debits. Mildred Neese was the second treasurer and book keeping was her profession. She recorded deposits as debits and checks as credits. So the first few pages of the ledger look odd to a novice. The figures were correct regardless.

Since Mildred lived in Burlington, the savings account was transferred to the First Federal Savings & Loan Bank and the checking account set up at North Carolina National Bank. First Federal Savings & Loan became a full bank and changed their name to Financial First Bank. In the subsequent years, the Board's treasurers consequently resided in Burlington. Therefore the bank accounts remained in Burlington. Subsequent Board treasurers were Peggy Rainey, Juanita Baucom, Nancy (Thomas) Parrish, Sarah Bowes and Lola Meeler. The money from contributions was deposited into a pass book savings account. Once a year, funds were transferred to a checking account to cover scholarships and expenses. When NCNB decided they could no longer supply us with a free checking, Lola Meeler was responsible for securing an interest bearing checking account at Financial First.

In 1965, the fund officially became the North Carolina Scholarship Fund and Board members were elected by the Council. This first five member Board included Lucille Cherry, Chairman; Anna Wright, Vice-Chairman; Shirley Taylor, Secretary; Juanita Baucom, Treasurer and Francis Cassick. Official scholarship judging rules were adopted in November 1965.

In 1968, Pat McCarn was appointed to replace Chairman Virginia Nieland, who moved to Germany. As Chairman, Pat introduced the "I Am A Scholar" program, intended to encourage members to donate. This

program provided the opportunity for an individual member to personally donate, in addition to supporting specific fundraising projects for the fund. "I Am A Scholar" awards were given the first time in the year 1969-1970 with Dell Johnson receiving the first award.

During the years 1970- 1984, the Board rocked along. There were no copies of minutes in the Treasurer files nor the President's files. Beginning in 1972, it was decided to give scholarships to students as well as teachers.

In 1985, the Board added new levels of recognition to the awards system. Second and third place winners receive either a ribbon or certificate at Convention. Student applications were revised to include total income of parents and teacher applications were to include combined income if married. The Board voted to transfer a portion of funds from savings to a CD in order to earn more interest. The three accounts were being managed as follows: all contributions deposited into the savings account, interest from the CD reinvested into itself, disbursements and expenses administered through the checking account.

1986 Dot Wilson began a search for the Scholarship scrapbook which had been misplaced. A questionnaire was composed and sent to applicants requesting feedback on scholarships. This was to be done yearly. Very little results have been received from the questionnaire. The Board voted to accept applications from graduate students. These applicants will be judged after all under graduates and teacher applicants.

1987 changes were made in Awards Form - 1. One point - For each hour of work in conjunction with fund raising projects when entire proceeds go the Fund. 2. Three points - For attendance at Scholarship Board meetings, at each Council meeting and the last Convention by a member of the Scholarship Board. 3. 25 points - For each chapter with 100% participation in the "I Am A Scholar" program and 1 point for each member that contributes to "I Am A Scholar".

At the first meeting of the Board, Mildred Neese suggested to the Board that the base CD amount be increased from \$10,000.00 to \$15,000.00 since interest rates were so low. The Board recommended that "I Am A Scholar" donations be added to the CD and all other money receipts to cover scholarships and expenses. The membership voted and passed this recommendation. Mildred Neese, Scholarship Chair received a challenge from a single member whereby she would match all "I Am A Scholar" donations as long as the money be invested into the CD. This was accepted by the membership. The CD grew to \$800.00 in that year.

In 1988, a mystery chapter issued a \$1,000.00 matching challenge to the membership. The chapter agreed to match \$1,000.00 in "I Am A Scholar" donations with the stipulation that these funds be added to the CD. The membership accepted this challenge and over three years the CD increased to over \$20,000.00. Permission was given to release the name of the anonymous member and the chapter. Dot Wilson, initiated the challenge in the first year and her chapter, Beta Alpha continued the challenged over the next three years. The Beta Alpha chapter members were Dot Wilson, Janet Mauney, and Bobby Blakey. The state is much indebted to this chapter for adding approximately \$4,000.00 being to the CD. These members were very unselfish in that they did not enter any competition for the scholarship award. The challenge years included 1987- 1991.

1988 Dell Johnson clarified a point that was not in bylaws. Interest income was intended for teacher scholarships while "I Am A Scholar" contribution was intended for student scholarships. In 1990, the Board voted to use interest and contributions as needed to award scholarships in accordance with applications received. In 1992, the Board awarded \$3,500.00 in student scholarships. For the first time since 1956, no teacher scholarships were received.

1988-1991 emphasis was on increasing the CD yet continuing to award scholarships. The Board is to be commended on doing both.

2007 A scholarship web page was added to the North Carolina ESA website. http://www.esa-nc.org/scholar_board.php

Both student and teacher applications were digitized and made available for download from the web page. Twenty-one college financial aid directors were solicited to include the NC ESA scholarship link on the school's financial aid web pages. Nine colleges have included our link or information and eleven more are being actively pursued. The College Foundation of North Carolina has also included our link.

The Scholarship Board engaged in a laddering strategy for the three CDs held for the Fund. The intent is to utilize a longer term instrument and arrange for the CDs to mature on a rolling schedule. This will hopefully net more interest for the annual scholarship awards and allow flexibility.

As of May 20, 2009, the Scholarship program has granted scholarships to 342 students and teachers in North Carolina in the amount of \$120,253.26.

Scholarship Board Commitment

(No special accouterments are required for this ceremony. These are at the option of the presiding officer.)

Will all the Scholarship Board members please come forward? (Assemble the officers in order of installation.)

Throughout time, portions of humanity have been denied the opportunity of learning. Because their mental, physical and emotional development has been less than perfect, their existence has been, in some cases, ignored or hidden from the world.

During the Twentieth Century, there has been an awareness of the potential of this segment of society. An enlightened public has demanded more for these people so they can interact with society, be educated and given opportunities for jobs and a life as normal as conditions permit.

The North Carolina State Council of ESA established a scholarship for teachers involved in exceptional education. Later, in realizing the need for more teachers in this field of education, a student scholarship was also established.

Today, the North Carolina State Council yearly raises funds through chapter and individual contributions. The Scholarship Board solicits colleges and universities of the state for candidates for the scholarship program. It also offers assistance to teachers needing credits for certification or special training in related areas.

At our annual State Convention, the scholarships are awarded to the candidates who show need and potential to be outstanding educators in the exceptional education field.

Today, it is my pleasure to conduct the installation of the officers and commitment service for the North Carolina ESA Scholarship Board.

_____ as Chairman of the Scholarship Board, your duties are to preside at meetings, make sure applications are sent to colleges, update the history as recorded in “A Light Unto Their Path” and present changes to our bylaws.

If it is your desire to serve the Scholarship Board in this capacity and carry out these duties, please let it be known by saying I WILL.

_____as Vice Chair, your duties are to carry out the Chairman’s duties in the Chair’s absence, solicit for nominations and other duties as set forth in the bylaws.

If it is your desire to serve the Scholarship Board in this capacity and carry out these duties, please let it be known by saying I WILL.

_____as Secretary, your duties will be to keep minutes of meetings and the other assignments set forth in the bylaws.

If it is your desire to serve the Scholarship Board in this capacity and carry out these duties, please let it be known by saying I WILL.

_____as Treasurer, your duties will be the custodian of all Scholarship funds, promptly administering the awards and providing an accounting of the funds at each meeting as set forth in the bylaws.

If it is your desire to serve the Scholarship Board in this capacity and carry out these duties, please let it be known by saying I WILL.

As members of the Scholarship Board, will be you carry out the duties described in the bylaws and support your officers? If this is your desire, please let it be known by saying I WILL.

To the State Council officers and chapters (Would you please stand?) If it is your desire to support the Scholarship Board and this fund, please let it be known by saying I WILL.

Congratulations to the officers and members of the Scholarship Board. In your commitment to serve our special needs population, your commitment to serve others is the primary goal, making a “Light Unto Our Path” a reality. To the members of the State Council, your commitment to support the Board and the Scholarship program shows clearly your desire to offer a better world through your service.
